

TECHNICAL DATA

Switch rating	0,5(0,2)A / 48Vac-dc
Electrical connection	Push-on terminals 6,3x0,8
Adjustment range	-200...-900 mbar
Max static pressure	20 bar
Hysteresis	Fixed (but according to the set-point adjustment)
Operating temperature	-5°C ... +60°C
Contact (without pressure)	N.O. or N.C.
Body material	Brass
Diaphragm	NBR (standard) – other materials on request
Threads	Taper: G1/8" – G1/4"
Protection	IP00 (terminals) IP54 (with CAP1 and CAP10)
Mechanical life	10 ⁶ operations
Size	Body 24 AF Max. height 48 mm
Certifications and Approvals	- -
Options	Set-point adjustment rising Set-point adjustment falling

Protection Caps

CAP1

CAP10

Protection: IP54

Protection: IP54

Material: NBR – FKM – EPDM

Material: NBR
